Subject: Permission to support Gold King Mine Response as Resources Unit Leader

Hi Loren & Angeles—I've been asked by the Response Support Corps Coordinator to provide Resources Unit Leader Support for the Gold King Mine response. I was trained for this position in 2004 and was deployed to Katrina/Rita in 2005, supported San Diego wildfires in 2006, and participated in TOPOFF 4 exercise in 2007. The other RULs are unavailable, and they need someone to provide this particular support. I am available today, Monday and possibly Tuesday for this effort. I need supervisor approval, so please respond to all with your approval so I can be activated.

Nadia Hollan Burke, Environmental Engineer
